HALTED BY ENMITY
OF THE MEXICANS****Another Party of Americans
Fired on in Vicinity
of Parral.****VILLA MAY GET FAR AHEAD****General Pershing's Force Confronted
With Embarrassing Situation: In-
subordinate Carranza Soldiers Ta-
shots at the American Expedition.**

By Associated Press.
CAMP OF GENERAL PERSHING
AT THE FROST, April 17, by motor
and wireless to Columbus, N. M., April
18.—The American pursuit of Villa is
at a standstill because of the unpro-
voked attack upon American cavalry-
men by the insubordinate soldiers of
the Carranza garrison at Parral.

A small party of American officers
was fired on near here last night none
of the Americans being injured. This
coming on the heels of other reports
of surprise in responsible for the belief
that the expeditionary command is
confronted with a serious problem.

At General Pershing's headquarters
there seems no prospect of the resump-
tion of the chase. There were
numerous indications that a contin-
uation of the pursuit would meet with
armed resistance.

A report received here from Car-
ranza sources that Villa's column cap-
tured near Cuernavaca had promised
to lead a party to a grave in which
Villa was said to be buried last Fri-
day, is generally discredited by mil-
itary authorities.

CONCENTRATING FORCES.

EL PASO, Tex., April 18.—Reports
were received today from Mexican
sources that the American advance
detachment had been recalled by
General J. J. Pershing and that the
expeditionary force was being con-
centrated in three places, a strong
detachment being camped near Sa-
tevo, the main column near Nani-
quipa and a third division at Colonia
Dublan.

These reports also stated that the
Parral fighting had a most unfortu-
nate effect on the people of Northern
Mexico and had greatly inflamed the
anti-American feeling. The Mexican
dead were recognized as unwarmed
citizens who had been killed by the
Americans before the Carranza garri-
son could interfere.

The excitement of the people has
been very much increased according
to the same report by their knowledge
that Villa, dead or alive, had never
gone as far south as Parral, and their
consequent inability to understand
why the American cavalrymen were
in that district except on the assump-
tion that they were really in-
vading Mexico.

The misery of the people, ravaged
by disease and famine starvation, is
making it more difficult than ever for
the authorities to keep them in con-
trol.

COLUMBUS, N. M., April 18.—Re-
ports that the Carranza garrison at
Parral attempted to ambush the
command of Major Frank Tompkins
and other reports of strained relations
between the American forces in Mex-
ico and soldiers of the de facto gov-
ernment, were responsible for some
trepidation expressed here today.

VILLA DEATH REPORT A HOAX.

SAN ANTONIO, April 18.—General
Bell, reporting from El Paso to Major
General Fursen, gave as his opinion
after a thorough investigation that he
could make that the report of Villa's
death had been manufactured in
Mexico. Consul Fletcher, who said he
had been in communication with
Carranzalistas, also had failed to
verify the report.

If Francisco Villa is not dead he
has now an excellent chance to escape
into territory far beyond the most
advanced American detachments be-
cause the punitive force has penetrated
about as far south as it is going to go
with the present organization.

Official admission that it was im-
possible to extend the main line of
pursuit south of the Carranza garri-
son today to mean that the field of
operations would be restricted to that
district over which detachments of
cavalry with provisions for one or two
days could ride. Beyond the are of
that, Villa would be safe so far as
the Americans are concerned.

Officers here regard the Parral in-
cident as indicating clearly that General
Pershing's men now have to guard
themselves not only against attack by
Villa's men but by those detachments
of Carranza's army which are unopposi-
tistic to his announced attitude of co-
operation.

General Pershing asked today that a
report be made to him at once on the
unofficial rumor that a trainload of
cattle shipped from Juarez to Chi-
huahua and intended for the American
troops, has been seized by Carranza
authorities. The arrival of some of
the supplies sent to Chihuahua has
been reported but no advice that they
had reached the army had been re-
ceived.

Dr. Stewart is Dead.
Dr. Robert W. Stewart, for many
years on the staff at Mercy Hospital,
Pittsburg, and one of the country's
best known surgeons, died yesterday
at Berne, Switzerland. Dr. Stewart
had spent the past three years in an
effort to recover his health.

**GERMANS PENETRATE FRENCH
TRENCH LINE NEAR VERDUN****Other Positions of the Allies Are
Subjected to a Terrible Bom-
bardment.**

By Associated Press.
PARIS, April 18.—French first line
trenches in the Verdun region west
of the Meuse from Dead Man Hill to
Cunier were bombed yesterday
by the Germans. Most of the river
relative calm prevailed.

Yesterday the attack between Dou-
aumont and the Meuse was very vio-
lent. The German forces included
troops from five different divisions.
East of the Chaffoutier salient the
Germans penetrated a front line
trench, but were partly ejected.

The French official report says:
"During the night of April 17, aer-
oplanes of the enemy threw down sev-
eral bombs, one of them being an in-
cendiary missile on Belfort. It has
been reported that two persons were
killed and six wounded. The material
damage was not important."

AN ATTACK ON HAWAII.

SALONIKI, via Paris, April 18.—
Twenty-two French aeroplanes bom-
barded the headquarters of the Bul-
garian staff at Dolian at 3 o'clock
this morning. The raid was an en-
tire success, the French officers say.
A German force which attempted to
engage the bombarding French aerop-
lanes was attacked by special French
rapid fighting machines, which forced
them to abandon the attack.

BRITISH BEATEN BACK.

LONDON, April 18.—British lines
on the south bank of the Tigris in
Mesopotamia have been forced back
by the Turks for a distance in some
places of from 500 yards to 800 yards,
says an official statement given out
today by the press bureau.

PINAL CONFAB ON NOTE.

WASHINGTON, April 18.—Secre-
tary Lansing and President Wilson
conferred early this morning on the
communication to Germany on anti-
marine warfare which the President
completed last night.

RUSSIAN SHIP SUNK.

LONDON, April 18.—According to a
dispatch to Lloyds the Russian bark
Schwandan, which left Greenock
Scotland, March 23 for Mobile, Ala.,
has been torpedoed and sunk by a
German submarine. The crew was
saved.

HOSPITAL TRAIN IN USE.

PARIS, April 18.—An American
hospital train recently presented to the
French army, arrived in Paris yester-
day on its first trip from the front,
bringing a number of soldiers wounded
in the recent fighting at Verdun.

GERMANS MAKE GAINS.

BERLIN, April 18.—French positions
at Stalbrunn, 700 yards south of
Haudremont farm, in the Verdun re-
gion, were captured by the Germans
in their attacks of yesterday, the war
office announced today. The Germans
took prisoners 1,645 unwounded men.

TALKS WITH LANSING.

WASHINGTON, April 18.—Count von
Bernstorff, the German ambassador,
acting under instructions from his
government, will discuss the subma-
rine crisis in general terms with Sec-
retary Lansing at 4 o'clock this after-
noon.

SEEK MORE BODIES

Bellef Prevails That New Haven
Weekend Toll Will Exceed Five.

BRADFORD, R. I., April 18.—A
search of the wreckage resulting from
the rear-end collision of two trains
on the New York, New Haven &
Hartford railroad here last night was
still in progress here today in an
effort to determine whether it con-
tained any bodies in addition to the five
persons who are known to have lost
their lives. It was the opinion of
many persons who had been at the
scene during the night that at least
three other passengers had been un-
able to extricate themselves from the
burning mass.

The coroner's inquest probably will
be held this afternoon.

Dr. A. J. Colborn received a tele-
gram this morning stating that his
son, George D. Colborn, was on the
New Haven railroad train which was
wrecked near Bradford, R. I., last
night. He escaped uninjured.

George D. Colborn is advertising
sales manager for the Aluminum
Cooking Utensil Company and was on
his way to New Haven, Conn., when
the wreck occurred.

PENNSY CHANGES

Force of Division Freight Agent
Truesdale is Shifted.

Work on an addition to the Penn-
sylvania railroad's freight station in
Uniontown will begin within the next
few weeks, according to word received
in that city. No definite date for a
start on the Connelville freight house
has been announced.

John H. Lyburger, for the past four
years chief clerk to F. P. Truesdale,
division freight agent, has gone to
Philadelphia where he will be assist-
ant chief clerk to the general freight
agent. He will be succeeded by T. J.
Davis and Ira C. Cochran, chief clerk
at the Uniontown freight office, will
succeed Mr. Davis. Mr. Lyburger has
been with the road 13 years.

**GERMAN AGENT IS
ARRESTED AFTER A
DESPERATE FIGHT****Von Papen's Secretary Stub-
bornly Resists Four Fed-
eral Officers.****FINALLY AWED BY WEAPONS****Capture of Von Igel Makes the Fifth
Arrest in Connection With the Al-
leged Conspiracy to Blow Up Wel-
land Canal: He Claims Immunity.**

By Associated Press.
NEW YORK, April 18.—Wolfe von
Igel, secretary of Franz von Papen,
former military attaché to the Ger-
man embassy, was arrested here to-
day in Captain von Papen's former
office at 60 Wall street, after a fight
with four agents of the Department of
Justice.

Von Igel is the fifth man indicted
yesterday with von Papen charged
with conspiracy to blow up the Wel-
land Canal.

Von Igel's name had been withheld
by the federal authorities pending his
arrest. When the four agents of the
Department of Justice entered his
office today he put up a fight, in which
he was assisted by George von Skall,
an employee. Von Igel, before he was
overpowered, succeeded in reaching a
safe in the far corner of the room,
hanging the door shut and turning the
combination. He was not subdued
until the federal agents said, until they
pointed revolvers at him. He then de-
clared that he was on German terri-
tory and protested that the United
States authorities had no right to in-
vade that territory.

"Go ahead and shoot," his captors
replied him as saying, "It will only
cause war between the United States
and Germany. You have no right to
invade this office. It is German terri-
tory. These are Russian methods."

Von Igel made a similar statement
when arrested later before Judge
Howe. Lacking a lawyer he was told
by the court that his arraignment
would be postponed until later, when
his plea that he had been illegally
arrested could be formally entered.

CLASS PLAY CHOSEN

Prof. Seawright's Seniors Will Present
"Are You a Mason?"

"Are You a Mason?" has been se-
lected as the class play for the high
school in June. It was announced yester-
day by Vice Principal W. H. Sea-
wright. The parts will soon be as-
signed to those selected for the play.

The first rehearsal will be held in
about three weeks. There will be 15
characters, eight girls and seven boys.
The senior class has only about a
month more of school and by the
time the final examinations are over
the rehearsals will be well under
way. Mr. Seawright has good material
to work with and expects to make the
play a big success.

The cast has been selected as fol-
lows: Hazel Lynn, Helen Dorothy
Buttermore, Mary Alice Atkinson,
Josephine Zimmerman, Florence But-
termore, Helen Davidson, Frances
Seaton, Elizabeth Cull, Edward
Kenney, Junior Marshall, James
Reese, Ripley Langhrey, Hudson
Peathman, James Rush and Philip
Shallenberger.

PITTSBURG, April 18.—An explo-
sion in the Heidelberg plant of the
Aetna Chemical Company near here to-
day was followed by fire which de-
stroyed two buildings. Fearful addi-
tional explosions threatened the popu-
lation of the village moved out and remained
away until the fire was extinguished.

Officers at the plant, which has been
working on war orders refused to ad-
vance any theory as to the cause of
the explosion which with the fire
caused a loss of \$50,000.

SHORT MEETING.

Council Adjourns Until Wednesday
Night; Frame Garbage Ordinance.

Council held a short meeting last
night, at which no business was
transacted. Adjournment was taken
until Wednesday night when it is ex-
pected, the ordinance governing the
collection of garbage will be intro-
duced.

After the meeting the members
spent several hours discussing the
best plan of establishing a municipal
garbage system.

Petition for State Treasurer is Filed at
Harrisburg.

HARRISBURG, April 18.—Among
the petitions filed in the state depart-
ment today was that of Harmon L.
Kephart of Fayette county, chief clerk
of the Senate, for the Republican nomi-
nation for state treasurer.

The petitions were from 10 counties
and contained approximately 2,000
names, including many leading Re-
publican politicians.

**PARCEL POST BRINGS MANY
PACKAGES INTO TOWN****Increasing Mail of This Class is Much
Heavier Than That Sent Out;
Big Gains Shown.**

Tests conducted at the postoffice
during the first 15 days of April show
that 4,402 pieces of parcel post mat-
ter were received and 1,587 mailed. The
latter weighed 1,162 pounds and 12
ounces, for which \$120.30 in postage
was received.

A similar test conducted from
October 1 to 15 in 1914 showed that 2,
324 pieces had been received and 1,737
mailed. Those sent out from the
office weighed 2,812 pounds and 16
ounces.

A comparison shows a big increase
in the amount of parcel post matter
coming into Connelville. The num-
ber of pieces mailed is less than in
1914, but their weight is just about
double. The parcel post packages
sent out during the test period this
year would have cost \$665.92 under the
old mail rates, and \$271 if sent by ex-
press (counting only such packages
as weigh over a pound), whereas by
parcel post the cost was only \$120.30.

Statistics of the amount of mail
handled by the rural carriers show
that the residents of the country dis-
tinctly have discovered the convenience
of parcel post. The rural delivery
wagons are invariably filled with mat-
ter. On Route 1 during 13 working
days it was found that the carrier de-
livered 2,081 pieces of first class mat-
ter; 2,606 second class, consisting
mostly of newspapers and magazines;
190 third class and 118 fourth class of
parcel post pieces. This made a total
of 5,235 pieces. The other routes will
average about the same.

WILD LIFE MEETING**League Will Hold Social and Business
Session April 25.**

A big social and business session of
the Wild Life League will be held in
the state armory on Tuesday
April 25. There will be motion pic-
tures on subjects of interest to all true
sportsmen, stereoscopic slides and
talks by "Scout Grizzly Bear" and
other state officials of the league. All
this will be followed by a lunch. "It
won't cost anything, either," declared
Secretary J. C. Munson today.

"Scout Grizzly Bear" is a most in-
teresting speaker on subjects close to
his heart. As a treat for school chil-
dren it has been arranged to have him
speak to them during the afternoon.

The Wild Life League will discuss
means of protecting the deer that are
being pursued by dogs in the hills of
this section of the county. Two fawns
were found badly injured last week,
one at Meyer and the other in the
stable of the Connelville Steam
Laundry here. Word was received
yesterday that another deer had been
forced to seek refuge near Dawson.

The dogs are running the little animals
to death. That at the laundry is as-
tamed as a cat and shows its apprecia-
tion of the kind treatment accorded it.
State Game Warden Ralph Ross was
here last week in an effort to break
up the practice of running the deer.

TWO SENT TO JAIL**Mayor Hands Out 10 and 30 Day Sen-
tences at Police Court.**

Mayor Marietta was severe in police
court this morning and when Richard
Mason, colored, appeared before him
charged with being a suspicious char-
acter and begging from house to house
he imposed a 30 day jail sentence on
him. Edward Zimmerman again ap-
peared, charged with being drunk and
10 days to jail. Fifteen other prison-
ers were sentenced.

Seven 21 hour sentences were hand-
ed out and three were given 72 hours.
The fines paid this morning amounted
to \$145.00. For the past several days
there has been a large lineup at police
court. Two \$5 forfeits were left by
young men who were arrested for
fighting in Orchard alley. One man
was permitted to leave his watch as
security for payment of a \$2.50 fine.

ROCKFORD, Ill., April 18.—Ross
Wagner, who came here from Con-
nelville five years ago is held by the
coroner pending inquiry into the
death of Lilian Kellstrom, 18, who
took poison Sunday evening and died.
She is alleged to have been responsible
for her condition, refused to marry
her, so took poison. The coroner
seeks to find if Wagner aided her.

**TABERNACLE NOT

BY BISHOP BERRY****Methodist Dignitary Says
There is Too Much Com-
mercialism in It.****THAT FINAL DAY'S COLLECTION****House of Bishops, Meeting at St.
James Park, Will Once Again Take
Up the Question of Amusements
and Attitude of Church to Them.**

Bishop J. M. Berry of Philadelphia,
who will take a prominent part in the
deliberations of the House of Bishops
at St. James Park this week, deliv-
ered a stirring denunciation of labor-
noble revivals before the Methodist
Episcopal Ministerial Association at
Pittsburg yesterday. Bishop Berry
does not approve of the style of re-
ligion preached by Billy Sunday,
Dob Jones and a host of others.

Bishop Berry denounced the evan-
gelist who engaged in his work for
money. In this connection he said:
"I am absolutely opposed to this
highly organized tabernacle form of
evangelism. I would take away this
temptation to commercialism which
is sapping the very essence of re-
ligion out of the people. I can give
inside facts to show you that I know
what I am talking about. Everything
that is done during the campaign is
done with a view of making the last
collection on the last day a large
free will offering. Everything is
money, money, money."

"The bishop told the ministers that
Pittsburg should have a bishop, and
would get one if the proper deman-
d is made upon the general conference
at Savannah, Ga., on May 1. He
expressed confidence that every-
thing depended upon the delegation
the Pittsburg district sent to the con-
ference."

The inevitable discussion as to the
propriety of eliminating the clause
prohibiting dancing, card-playing and
theatre-going from the discipline of
the Methodist Episcopal Church is to
come up at the conference of Method-
ist Episcopal Bishops at Dawson this
week. In recent years many Method-
ists have demanded that the ban on
these diversions be taken off and the
matter invariably comes before the
board of bishops, though never yet re-
sulting in any decision to change from
the old rules of Methodism on
these subjects. At the last conference
the dance prohibition was retained
only by a close vote.

Paragraph 27 of the church dis-
cipline classifies "dancing, card play-
ing and theatre-going as worldly
amusements which all good Method-
ists must avoid." Those who argue
for the elimination of this prohibi-
tion declare that many young peo-
ple are kept out of the church because
they do not care to give up these
diversions while others join church
and fail to live up to the rules.

The modification of the Methodist
Episcopal Church and the Methodist
Episcopal Church South will also be
advanced at this conference.

TEACHERS ELECTED**No Changes Made in the Bullskin

At a meeting of the Bullskin Town-
ship School Board on Saturday night,
all of the old teachers holding profes-
sional and state certificates were re-
elected for the next term. The salar-
ies remain the same as for the present
year.

Those elected were: Edwin Dick,
John N. 3; Maude Lyons, Johnson
No. 1; Anna Woods, Kell; J. E. Bond,
Mines; Maude Glassman, Mudd; La-
roy Stauffer, Cross Roads; Alvera
Koffel, Pennsville No. 1; Warden Ech-
ara, Bear Rock; Eva Adams, Bridge-
port; Cyrus Geary, Pleasant Valley;
Willa Longacre, Rice; Lulu Longa-
cker, Breakneck; W. W. Campbell,
Pennkill; Esther Greene, Gilmore.
Schools held over until provisional
certificates are granted are Gault,
Bellevue, Geary, Rich Hill, Midway,
Southwood, Stauffer and Johnson
No. 2. W. E. Miller remains as super-
vising principal.

AIDS IN VILLA CHASE**Harry Uley of Scottdale With Amer-
ican Cavalry in Mexico.**

Harry Uley, son of Mr. and
Mrs. Henry Uley of near Mount
Pleasant, is one of the 3,000 or more
American troops now in Mexico hunt-
ing for Francisco Villa, the bandit.
He writes to his brother, G. W. Uley
of Scottdale, that the chase is a hard
one for every bush the Americans
pass is closely watched for fear that
it harbors a bandit sniper. The
country is not so bad, he states.

Harry Uley enlisted at Pittsburg
in 1914 and was stationed at Colum-
bus, O., until seven months ago when
he was transferred to Fort Bliss,
Tex. He is a cavalryman. Since en-
listing he has had several promotions

**TWO DIVORCES GRANTED, MANY
SENTENCES IMPOSED BY COURT****Busy Weekly Session is Held With
Both Judges on the Bench; Hotel
Dispute Argued.**

Special to The Courier.
UNIONTOWN, April 18.—Judge J.
Q. Van Swearingen today signed a de-
cree, granting a divorce to Mrs. Helen
C. Mater of Shamrock, from Charles
D. Mater, a well known theatrical
man of Harrisburg. They were mar-
ried in Shamrock October 11, 1911,
and before they went to Harrisburg,
Mater was engaged in the motion pic-
ture business in Uniontown and Con-
nelville. Cruel and barbarous
treatment was alleged by Mrs. Mater.

A divorce was granted to Maria
Trank of Condelmont No. 3, from
John Trank. They were married
May 25, 1899, at Skulica, Hungary.
Desertion December 1, 1899, was al-
leged.

In the case of W. E. Tannehill,
Charles Younkman, M. Mountain and
J. L. Colburn, doing business as
Tannehill & Younkman, against Simon
John and Elias John, late partners,
doing business as Simon John &
Brother, Judge Van Swearingen dis-
missed a motion for a new trial. The
plaintiffs were awarded a verdict for
\$237.10 with interest from September
20, 1912, for merchandise by a jury.

Judge Van Swearingen signed a de-
cree permitting Brownsville borough
to surrender the provisions of the
special act of 1915, and to accept the
provisions of the general borough
code of 1915. Brownsville borough
was incorporated under a special act
a century ago.

A number of sentences were im-
posed by Judge Van Swearingen.
They follow: Peter Voytovich, Briar
Hill, larceny, 6 months to jail; Earl
Lowry, Revere, absconding from
boarding house, costs; Samuel Wash-
ington, Connelville, assault and bat-
tery on Fred Brill, 30 days to jail;
A. L. Bright, Uniontown, larceny, 6
months to jail; Maude Allen, Con-
nelville, larceny, 90 days to jail;
Gene Cassidy and John Senal, three
felony charges at street car, 6 months
to jail; James Mizzi, Belle Vernon, felo-
nious cutting, costs; Mary J. Side-
bottom, inmate of disorderly house,
\$20 fine; David Carosi, York Run, un-
lawful cutting, 1 year to jail; Robert
Cooley, Georges township, larceny, 6
months to jail.

Harry J. Brecher of Connelville
was called for sentence on charges
of assault and battery upon his wife,
but it was explained he underwent
an operation yesterday.

In the suit of E. A. Bailey against
Warren W. Douglas, trading as
Douglas Business College, a new
trial was refused, the court sustain-
ing the verdict awarded Bailey for
\$319.62 back salary.

Judge Reppert discharged the rule
on Attorney E. D. Pullon and W. W.
Parshall to show cause why they
should not return as excessive a por-
tion of a \$1,000 fee collected from
Vincent Kleschak, who received \$2-
37.95 damages for injuries on the
Pittsburg explosion some years ago.
The court held the fee was not ex-
cessive.

Former County Solicitor T. H.
Hudson presented the petitions for
the three roads which he overlooked
having approved after the grand jury
had acted. The roads are in Red-
stone, German and Luzerne town-
ships. The court took the papers.

Arguments were made before
Judge Van Swearingen in the appeal
from Alderman Fred Munk

LET GOVERN THE BARN!

The announcement is made that Connelville has subscribed \$10,000 of the \$500,000 stock required to be taken by the promoters of the electric steel plant at a condition of their incorporation here, but that the subscribers have only been taken in sums of \$500 and upward. The committee think that if the public is permitted to subscribe smaller amounts the balance of \$39,000 will quickly be taken.

If it is time to let down the bars and make a permanent proposition, let the stock subscriptions be popular in every class of the world. This industry must not be left to Connelville. The very fact that we didn't hand it over, or our failure to subscribe this amount of stock will be a black eye to our reputation as a live community in consequence of which we are likely to be passed up by future industrial seeking locations.

The smaller community of Scotland stands ready to take the stock and the full if we don't. Under such circumstances Connelville cannot afford to fail. Let the board of directors resolve again that in the bright lexicons of their live organizations there is no such word.

Put down the bars, put forth the final effort, put up the big fight. From this time forth let there be no rest until that \$500,000 is fully subscribed.

THE HIGH SCHOOL SITE.

A member of the Connelville School Board admits that the board feel the people to deserve themselves, concerning the location of the new high school building, but he justifies the decision on the ground that the people must have defeated the bond issue and they know the facts.

The board hardly thinks the defeat of the bond issue was possible had the directors acted with perfect frankness with the people as they seem to be acting in their public opinion. It is to be regretted that they felt obliged to depart from the straight and narrow way in their eagerness to reach the goal of success.

The manner in which the plans were adopted and the architect chosen were not the usual customary methods with public bodies. Such matters are always open to competition. The architects for the school houses were agreed upon in advance of the election and their plans practically adopted. No record was made on the minutes because it was recognized that this proceeding was to say the least unusual.

The Courier cannot bring itself to believe that the directors have had any selfish ends to serve in connection with these matters. They have doubtless acted for what they honestly thought was the best interest of the school district. We call attention to the fact that the directors are not to be held responsible for what they honestly thought was the best interest of the school district. CORE REGION EXTENDS.

There has been some good-natured badinage about the center of the Connelville coke region, but it seems that neither Connelville nor Uniontown have any complaint concerning the scope of business. The Uniontown Herald says:

"Uniontown merchants Saturday were literally swamped by the influx of shoppers. The breeze of the coke region was distributed last week. Announcement was made of an increase in wages affecting 500 employees of two local factories. Plans are virtually completed and the contracts will soon be awarded for a greater of a million dollars worth of new school buildings in the city. It is well that the local merchants, who have aided many families over the past few months, should benefit by these conditions. The week before Easter has become a Dress Up Week and by the inevitable order of events which has made Easter Sunday the signal for the appearance of flowers in the lots of spring apparel. There is every reason why local merchants should be the beneficiaries of the demand. The very latest styles are shown in Uniontown stores. The prices are no higher than in the stores of larger cities. The money spent at home stays at home and the benefits become personal to those residing within the radius covered by the Uniontown merchants."

This statement so completely describes the situation in Connelville, it is Saturday that we could hardly add anything to it. There is this to be said for Connelville, however, it is a thorough and an industrial center with many new works and shops which manufacture mining machinery on an extensive scale for the coke plants, and which add by much to the industrial prosperity of the city.

COTTAGE HOSPITAL NEEDS.

The Connelville Cottage State Hospital seems to be under criticism at the hands of the Pennsylvania Bureau of Medical Education. The trustees will no doubt be glad to meet any reasonable requests for more detail work in keeping the hospital records or any other matters purely of management, but what the hospital lacks in equipment must be supplied by the state, this hospital being a state institution.

Concerning these deficiencies, which the trustees well know exist, they will be only too glad to have the cooperation and support of the Bureau of Medical Education in securing a proper appropriation with which to supply them at the earliest possible moment.

The trustees will also be happy to have the endorsement of the Bureau of Medical Education to its proposition made to the last Legislature for an appropriation to build a building for the treatment of cases other than hospital.

It is a standing reflection upon the honor of the state that it is willing to care for a poor infirm who has a mangled foot or a finger which must be amputated, but that if he has typhoid fever or some kindred disease which needs careful nursing and medical attention he must take his chances in the coke village.

Our railroads are developing some track property in Connelville. They are on the run but they run on just the same. A Western Maryland engine lost its drive axle below Connelville, but held on its course for some time until it was brought to a halt by the iron horse. The B. & O. has a locomotive which lost its driving wheels the other way and didn't leave the track for some time, but it is in constant danger of much farther, but it is in constant danger of much farther, but it is in constant danger of much farther.

The snakes were out in force on Sunday. They probably heard of the five pence.

It is no wonder some of the passengers are late. One railroad incident upon landing one of its most popular trains with engine 1513.

The iron and steel plants of the country are following the example of the Connelville coke plants and advancing the wages of their workers.

There was and then we read of the wonderful discovery by some chemist of a compound from which even a snake could be produced for a price for a time, but the snake does not appear on the market, and one being to wonder whether it becomes so tame.

A garage alarm is an alarming sound in the coke village community.

The Courier is now the biggest as well as the best newspaper in the coke village. Its columns are 22 inches in length, while those of the other newspapers are only 10 inches.

Mayor Marietta banished an undesirable the other day, but he was not a visitor and a butler. Instead of putting him in, the mayor put him out.

The Star Junction tragedy makes it hard to determine who was the most excited, the husband who fired the shot, or the wife who got in front of it.

The organization of the Brick Works Society is characteristic of the coke village. It is a strongly developed, and it is what makes the Brick Works so efficient. The members are willing to stick together.

The bookkeeper of a local industry undertook to supply Connelville with a new checking medium. He was to have lived in the days of the Whiskey Insurrection. The good citizens would probably have hung him for his audacity, but they would have welcomed his idea of a paper currency.

The Courier is strictly first-class in all its features, typographically, editorially and politically. Now is the time to subscribe.

The Courier yesterday was a bargain at one cent. The white paper cost more money.

Food riots are reported in Mexico. The problem of supplying the American army with food in such a country is a serious one. Yet the Mexicans seem to think we are trying to sit at their dinner table.

The Courier was 21 pages yesterday and you get it all.

The Uniontown Herald notes that a million dollars will be spent by Connelville and Uniontown for new school buildings, but says that Connelville has to come to Uniontown for an architect. Connelville did not have to come to Uniontown for an architect. It had plenty of other applications. We look to Uniontown and just because it is a neighbor. We wanted to see the Uniontown people a good example. If the second fall in good ground?

Bravery
By GEORGE MITCHELL,
Author of "At Good Old Slawah."

Bravery is a sort of mental strength which keeps a man from yielding in the presence of danger. It is more valuable to society than honesty, love or industry. A man who is brave before he can be honest, or before he gets married, or before he puts his foot on the freezing air at 10 A. M. in 1916 goes to work on the jump to keep warm.

There are many kinds of bravery as there are many kinds of danger. For each kind of danger has its special antidote. Almost any man has one or two kinds of bravery, but very few have a large enough assortment to all orders in any sort of an emergency. A man may be brave enough to go to war and get a bullet in the stomach and yet do nothing for some 500 feet to a employer for fear of being fired. A man may climb into an aeroplane and cut piston valves and engine valves and yet be afraid to leave the ground. A man may be brave enough to make a speech and yet be afraid to make a speech. A man may be brave enough to make a speech and yet be afraid to make a speech. A man may be brave enough to make a speech and yet be afraid to make a speech.

Because men were brave enough to make a speech out of themselves in the presence of danger, they have been called brave. Because men were brave enough to make a speech out of themselves in the presence of danger, they have been called brave. Because men were brave enough to make a speech out of themselves in the presence of danger, they have been called brave.

There is a frightful want of bravery, however, when it is not mixed with common sense. Men are being killed by thousands in wars which only produce widows, orphans and national debts. BEAMS ARRIVE FOR REMODELING MOUNT PLEASANT BUILDING

Borough Structure Will be
Arranged to Bolster House
Fire Trucks.

CLEAN UP NOTICES ARE POSTED

Winter's accumulation of litter must
be out of the way by May 1.
Thomas Lane Goes to the Monon-
hela District; Page Takes Place.

Special to The Courier.
MOUNT PLEASANT, April 18.—
Steel beams have arrived for the
remodeling of the borough building so
that the fire truck can be run in and
out with less trouble. The door will
be widened and the room enlarged at
the rear, and a thirty foot hose tower
built at the back.

Cleanup notices have been posted
over the town ordering all persons to
have their premises cleaned up by
May 1. As soon after May 1 as con-
venient to them the enforcement of
the town will make a tour of inspection
of the borough and a list made of
all persons who have not complied
with the law and they will be asked
to do so.

Thomas Lane, superintendent of the
Pinchbar works near Utah, has taken
a position with the Connelville Coal Com-
pany of the Mononhela works and
will take charge of that. Arthur G.
Page has accepted the position of
superintendent of the Pinchbar works.

A meeting was held in the Baptist
Church last evening when the temper-
ance committee from the Eighth Sin-
gle church district met and this in-
cluded three members from each
church. The temperance question was
taken over and it was decided to elect
local option candidates at the coming
election.

Street Commissioner William Loh-
ger began giving the town its spring
housecleaning yesterday by washing
Eagle and Walnut streets. All of the
streets over town will be looked after.

Gov. J. L. Epiphany will make an
address before the Sunday school
workers in the Baptist Church at Jeannette
tonight.

Mrs. Abraham Verish of Main
street, gave birth to a son at the
Memorial Hospital yesterday morning.

Rev. Rambo preached at the Metho-
dist Episcopal Church last evening at
the first of their week's services.

Rev. W. T. Lytle, pastor of the
United Presbyterian Church, preached
at the Reunion Presbyterian Church
last evening at the first of the week's
meetings.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick,
Glossy, Wavy and Beau-
tiful at Once.

Immediate?—Yes! Certain?—That's
the joy of it. Your hair becomes light,
sandy, fluffy, abundant and appears as
soft, lustrous and beautiful as a young
girl's after a Dandergine hair cleanse
just try this—moisten a cloth with a
little Dandergine and carefully draw it
through your hair, taking one small
strand at a time. This will cleanse the
hair of dust, dirt or excessive oil, and
in just a few moments you have dou-
bled the beauty of your hair. A de-
lightful surprise awaits those whose
hair has been neglected or is scraggy,
faded, dry, brittle or thin. Besides
beautifying the hair, Dandergine dis-
solves every particle of dandruff;
cleanses, purifies and invigorates the
scalp, forever stopping itching and
falling hair, but what will please you
most will be after a few weeks' use
when you see new hair—fine and
downy at first—yes—but really new
hair growing all over the scalp. If you
care for pretty, soft hair, and lots of
it, surely get a 25-cent bottle of Knowl-
ton's Dandergine from any drug store
or toilet counter and just try it.—Adv.

DAWSON.

DAWSON, April 18.—W. C. Curry
was looking after some business mat-
ters in Uniontown Monday.

All stores and business houses of
town will close at 6:30 o'clock except
Saturday night. This is due to the
celebration of the Cochran Memorial
Church during Dawson week.

James Ober was a business caller
in Uniontown Monday.

Mrs. Clymer Vanter has returned
to her home in Greensburg after a
few days' visit here with her sister,
Mrs. Zola Henry.

Mrs. Joseph Friedman was calling
on friends in Connelville Monday.

William Thompson of Star Junction
was a recent Dawson caller.

Mrs. Watt of Hannington spent Sunday
with friends and relatives.

Miss Lucille Gibson has returned
home from a few days' visit with
friends at Star Junction.

William Herbert of Star Junction
spent Monday here with his parents.

The Pittsburgh & Lake Erie steam
house at Dickerson Run has been
raised 12 feet, this being the height
it had to be raised in order to build
the new room beneath. When com-
pleted the building will be two and a
half stories high. The first floor will
have the scale office, billing room and
General Agent J. L. Thomas' private
office. The second floor will have the
yardmaster's office, general office for
clerks and a private committee room
in which investigations and court
will be held. The third floor is to be
used as a record and supply room.

Wouldn't You
feel more comfortable, see more in
your future, be a happier and more
contented person if, instead of spend-
ing all you make, you saved a little?
Surely you would, and the old, reliable
First National invites your savings
account. Begin with a dollar if you
wish. Liberal interest.—Adv.

HOW TO REDUCE YOUR WEIGHT

A Simple, Safe, Reliable Way.

People who are over-burdened with
superfluous fat, know only too well the
discomfort and ridicule that over-
weight people have to bear.

If you are carrying around five or
ten pounds of unhealthy fat you are
unnecessarily weakening your vital
energy and are carrying a burden
which destroys the beauty of your
figure.

There is no need of anyone suffering
from superfluous fat, if you want to
reduce your weight in a simple, safe
and reliable way, without starvation
diet or tiresome exercise, here is a new
way to try. Spend as much time as
you can in the open air, breathe deeply
and get from A. A. Clarke or any drug
store a box of all of Koraal capsules;
take one after each meal and
one before retiring at night.

Weigh yourself once a week so as to
know just how fast you are losing
weight and don't leave off the treat-
ment or even skip a single dose until
you are down to normal.

Oil of koraal is absolutely harmless,
is pleasant to take, and helps digestion.
Even a few days' treatment has been
reported to show a noticeable reduc-
tion in weight, constipation becomes light-
er, your work seems easier, and a
lighter and more buoyant feeling takes
possession of your whole being.

Every person who suffers from
superfluous fat should give this treat-
ment a trial.—Adv.

MUCH FIRE LOSS IS PREVENTABLE, WOLFE DECLARES

Acting Fire Marshal Points to Burdens Caused by Flames.

TAX BURDEN IS BIG FACTOR

Appeal is Made for Merchants to Assist in a Universal Campaign of Preparedness Against Fire Losses.

In appealing to merchants to assist in a universal campaign of preparedness against fire losses, Acting Fire Marshal Charles D. Wolfe, declares that "fire is preventable in 60 per cent of the cases that occur and the loss is usually a costly one, not only affecting you, but also those whom you employ; and it also means a loss to the community and tends to increase the burden of taxation to the property owners, and indirectly to the people at large by the loss of taxes on the property destroyed. Every fire makes men struggle harder for a living by causing them to spend for their neighbor's waste. Prepare to avoid fires by prevention of fires, by the removal of the litter pile, by the cleaning of storerooms, cellars, yards and of everything that causes fires, and when once thoroughly cleaned, make some particular person responsible for keeping premises free from all fire causing material.

"This will mean to you a profit by a reduction in the insurance rates and freedom from worry over what might occur by permitting carelessness to continue.

"This is the era of fire prevention and it is the duty of every merchant to use all possible means to protect his property and employees by having his establishment absolutely free of all waste that would invite a fire, and as an emergency precaution should equip throughout with handy fire extinguishers.

SMITHFIELD.

SMITHFIELD, April 18.—Contractor Coats broke ground Saturday on the brick road between the borough and Riddle. He commenced operating his steam shovel on the south side of Georges creek at the stone bridge in a cut at that point.

Prof. H. C. Gills of the Nicholson township schools was a business visitor in the borough Saturday evening. James Brady, a Civil War veteran, is seriously ill with pleurisy. J. V. Heath was a Uniontown business caller Saturday.

IT'S YOUR LIVER! YOUR'E BILIOUS, HEADACHY, SICK

Don't Stay Constipated With Breenth Bad, Stomach Sour or a Cold.

Enjoy Life! Live Your Liver and Bowels Tonic and Food Film.

Tonight sleep! Remove the liver and bowel poison which is keeping you head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cathartics from the drug store now? But one or two tonight and enjoy the sweet, gentle liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cathartics never gripe or bother you at all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or feverish children a whole Cathartic any time. They are harmless and children love them. —Adv.

Remedy Prescribed By Many Doctors

Compound of Simple, Laxative Herbs Proves Most Efficient.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition of life.

The congestion of stomach waste in the bowels is evidenced in various ways; bloating, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 132 Church St.,

MR. CHAS. SCHELL.

Granada, Miss., writes that he found relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 154 Washington St., Monticello, Illinois.

SHELLS LOSES SUIT

Supreme Court Holds He is Not Entitled to Salary.

By Associated Press. PHILADELPHIA, April 18.—The supreme court has affirmed the common pleas of Westmoreland county in the case of John E. Shields, former sheriff and appellant, against the county of Westmoreland.

Shields was sheriff of the county from January 1908 for four years and in the last year of his term he was tried and convicted of embezzling public money and perjury. In the same year he was convicted Shields was elected a county commissioner. His claim in the suit was for salary of the latter office from May 11, 1912, to November 9, 1912, when he resigned while serving his prison term.

SUFFERED 15 YEARS CURED IN 21 DAYS

Gentlemen: For over 15 years I was afflicted with eczema, covering my arms, legs and face. I suffered so that I could not sleep. My face was red and swollen, and covered with dry feverish scales. Was unable to attend to business for weeks at a time.

I had about given up all hope when I tried Anolox. The first application gave me relief so I could sleep. In 3 days I was able to attend to business. After 21 days' treatment my eczema entirely disappeared.

James H. Rigby, Youngstown, O. Anolox ointment will quickly heal pimples on the face, blackheads and other skin troubles. Chronic cases of psoriasis, salt rheum, better, that have suffered for years, require both the ointment and solution to effect a cure. Trial size, 50c. Guaranteed and recommended by Connellsville Drug Co., Connellsville; Broadway Drug Co., Scranton.

THOUSANDS OF DOLLARS SPENT ON STOMACH

Pennsylvania Man Gets Quick Remedy for His Long Suffering Stomach.

Henry F. Curry of the Hotel Bartlett at Cambridge Springs, Pa., suffered most desperately from ailments of the stomach and digestive tract for years. He spent a fortune in the pursuit of health.

At last he happened to discover May's Wonderful Remedy. He found relief quickly. Mr. Curry wrote: "I have spent thousands of dollars for doctors and medicine and hardly got temporary relief, and before I took your medicine I was about discouraged. But after taking your medicine I got great relief. My mental and physical suffering had been so bad that I had to resort to morphine, and even with that I did not get much relief. Your remedy helped me wonderfully. I have a good appetite, sleep well, and have gained weight." May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

ELIMINATION OF FREE SERVICE BY RAILROADS

Interstate Commerce Commissioners Differ as to Methods.

ROADS SHOULD MAKE CHARGE

For Every Service Performed Instead of Favoring Some Shippers at Expense of Others, Is the Rule Which One Commissioner Would Follow.

Special to The Courier.
WASHINGTON, April 18.—An interesting divergence of opinion between two of the Interstate Commerce commissioners as to the method by which the commission should proceed to eliminate free services performed by some railroad for certain shippers, is contained in a report of the commission and order just made public regarding the charge of \$2 a car for service in connection with the reconditioning of railroad shipments of various sorts.

Commissioner Harlan held that the \$2 charge for the service performed by the railroads was not excessive, and that to require it to be done under the commission's order would not adequately increase the cost of the value of the service. Commissioner Harlan is of the opinion that one of the means which the railroads should adopt to increase their revenues was by charging for service now performed free, or by adding to the charge where it has been performed at a loss to the railroad, as has been the case in many instances. He favored the shippers getting the benefit thereof, while the cost to the railroad was spread over shippers.

"The elimination of such free services was referred to in the second report of the Five Per Cent Case," declares Commissioner Harlan, "as a constructive work that ought to be carried forward without interruption for the purpose of conserving and augmenting the net revenues of the carriers. Although the question of revenues may not now be so acute with the carriers as it was some months ago, the duty of correcting the unlawful preferences that grow out of such practices is none the less urgent. Therefore, unless the commission itself affirmatively and fearlessly upon the work outlined in the Five Per Cent Case, the transportation service of this country will not be clean and free from such inequities and wrongs." To hold merely that a particular rate was intended to include a special service of this nature, simply admits the injustice without correcting it, when it also appears that the mass of shippers paying that rate did not require or enjoy the benefit of the service.

Commissioner Clements, in an opinion which he adds to that of the commission as a body, takes Commissioner Harlan to task for criticizing the action of the commission. As to the call made by Mr. Harlan to his fellow members of the commission to enter fearlessly upon the work it had outlined, Commissioner Clements says: "I venture to suggest that divergence of opinion upon questions of law or fact does not justify the imputation of a lack of fearlessness in the performance of duty. To be sure, there is a fear of base quality that deters from duty and which, therefore, should find no place in our thoughts. The fear of doing wrong is of a different quality; it is akin to the fear of God. A tribunal invested with such broad powers as those of this commission, and whose findings of fact upon a record that will support them are practically final, involving, as they do, so many interests, great and small, individual and public, should ever have before it the fear of wrong doing."

Commissioner Clements declares that in deciding the course to pursue to trying to establish just rates both from the viewpoint of the carrier and shipper, the commission has a record that will support them, whatever the service or the charge therefor, parties complainant or protestant are entitled to be heard with respect to the reasonableness thereof, which cannot be predetermined, but must be decided only after investigation and full hearing. For the commission to offer definite suggestions for the railroads to follow in the matter would, in the opinion of Commissioner Clements, be predetermining the individual cases upon which the commission would have to deal later in a concrete form.

BABY DISFIGURED BY INFLAMED SPOT

On Cheek. Grew Larger, Itching Very Bad, Was Kept Awake Often, He Was Very Restless.

HEALED BY CUTICURA SOAP AND OINTMENT

"My baby got a very small spot on his cheek when three months old and it grew larger until it reached the size of a quarter of a dollar. It was very red and inflamed and itched very bad and it kept him awake often. He was very restless and his face was very much disfigured. It looked ugly and became red when he rubbed it. The trouble lasted about five months. My aunt told me Cuticura Soap and Ointment had healed her little boy so I used one cake of Soap and one box of Ointment and he was healed." (Signed) Mrs. H. C. Ketter, Carlisle, Pa., Sept. 3, 1915.

overwork or the strain of modern living, try Margo nerve tablets. If your nerves have reached the point where your daily diet no longer furnishes the necessary vitality—if the ravages of over-work, worry or illness have left you listless, weak and nervous—if your sleep is disturbed, your digestion upset—just try taking Margo nerve tablets for a few weeks and look for a difference. A. A. Clarke and other good druggists sell Margo nerve tablets with an absolute guarantee that you get your money back if they fail to help your nerves to a satisfactory degree—satisfactory to you. Tobacco

Little Talks on Health and Hygiene by Samuel C. Dixon, M. D., J. C. D., Commissioner of Health.

The aphorism which hovered about the red man's council fires floating upward in the smoke of the peace pipe seems to have clung all mankind. The use of tobacco in one form or another in three centuries and a half has become world wide.

Despite the almost universal intelligence and the progress that have been made to the soothing effect of tobacco, science and medicine still offer an imposing array of experiments to prove the ill effects which follow its use.

Tobacco is a drug which contains powerful poisons. Its charms lie in its drug effects. If it has any beneficial effects they are not discoverable to the scientific investigator. On the other hand there are certain decided results tending to physical deterioration which are readily recognizable. It is a heart depressant and experiments on animals have shown that it has a tendency to produce hardening of the arteries. Some of the foremost authorities have made clinical observations which indicate that the use of tobacco has similar effects on man.

As is generally the case in the use of drugs there is a tendency to increasing indifference. Those who have had experience in athletics are familiar with the fact that the use of tobacco results in interference with the breathing by the smokers. To make a summary in brief the results of all scientific investigations seem to prove conclusively that the use of tobacco is distinctly harmful to the majority of men.

England's Oldest Borough. An Salford is well known as Salford, so is England's oldest borough, Barnstable, as Barnum, which may have been the Roman name of the town. According to old manuscripts, "the old name of the town was Abertava, because it stood toward the mouth of 'the river.' The Saxons changed it to Berendstaple. Barnstable appears to have been represented in the Visigothic or Anglo-Saxon parchment. This is one of the oldest boroughs, if not absolutely the oldest, in the kingdom. Its broadcloth manufacture, once an important industry, has now died out, but there are manufacturers of lace and gloves, large cabinet works, turneries and potteries (Barnum ware).—London Globe.

TREES IN BOOKS.

Probably the Most Curious Collection of Volumes in the World.

There is perhaps one of the most curious collections of books in the world to be found in a small town on the continent of Europe, says the London Tit-Bits. It is really a botanical collection. Outwardly each volume presents the appearance of a block of wood, and that is what it actually is. But an examination reveals the fact that it is also a complete history of the particular tree which it represents.

At the back of the book the bark has been removed from a space which allows the scientific and the common name of the tree to be placed as a title for the book. One side is formed from the split wood of the tree, showing its grain and natural fracture. The other side shows the wood when varnished and polished. One end shows the grain as left by the saw and the other the finely polished wood. On opening the book it is found to contain the fruit, seeds, leaves and other products of the tree, the moss which usually grows upon its trunk and the insects which feed upon the different parts of the tree. These are supplemented by a full description of the tree. In fact, everything which has a bearing upon that particular tree secures a place in the collection.

The Nice of Austria.

"The Nice of Austria" is the name by which Gorizia, or Goritz, is known among its inhabitants, owing to its mild climate. Curiously enough, the city furnishes a link with the French Revolution, for in a Franciscan convent there lie the remains of Charles X. of France, the last of the Bourbons; of the Duke of Angoulême, his son, and of the Duke de Chambord, who died as recently as 1883. Gorizia, after Austrian rule, was the capital of the crown of the Grand Duke and first appears in history toward the close of the tenth century, when it was bestowed on the church. It is still the seat of an archbishop, and his special industry, significantly, perhaps, has long been the printing of Hebrew books for the East.—London Spectator.

Study of Synonyms.

Little Dulcie was asked by her teacher to define the word "whimsical." "I means odd," she replied. "And now," the teacher went on, "please write a sentence containing the word properly used."

Festively the little ten-year-old took up a pen and after a moment's thought wrote, "There are two kinds of numbers—whimsical and even."

D.D.D. Prescription for Eczema Soap

J. C. Moore, druggist. The Laughrey Drug Co.

Harry Denham, Florence Crawford, Sidney Brack, and others. The photoplay, which is produced by John Adolph, is one of the most entrancing ever presented by the Universal Film Manufacturing Company, and promises to be one of the film sensations of the day. It will be seen at the Solsson Theatre today and anybody who fails to see this big feature misses one of the greatest film dramas ever shown on the screen. Harry D. Carey is the star today in the two reel drama, "The Night Riders." Mr. Carey excels in a fascinating story of the Canyon country. Barred from white society because of a strain of Indian blood, a young graduate of Carlisle finally proves his manhood and is accepted by those who put him under the society ban. "A Serpent in the House" is a Powers comedy that describes a comical situation when a man and his wife think each other false. "The Tale of a Telegram" is a J. C. Moore comedy with William Francy and Lillian Peacock in the cast. It is suffice to say it is funny. Tomorrow the Patho Company presents Florence Reed in a five reel drama, "A Woman's Law." This is a Gold Seal Rooster feature and a good one.

through his eminently skillful interpretations. Samson South, destined to be the leader of the clan of the South in their feudal activities with the Hottentots, displays talent as an artist. During the period of the truce between the factions he is discovered by an artist, who is in the mountains painting the scenic beauties. Held in the grip of indecision as to leaving his mountain home and to the love of his youth or casting aside ambition, he finally decides to go to New York to study. There he meets the beautiful and polished sister of his artist benefactor, and as success is pouring its wealth at his feet, he answers the call of the Hottentots and returns to lead his faction in a spectacular battle with the Hottentots who have violated the truce. And then Samson South answers the call of his heart.

CONTESTANTS WHO WOULD WIN MUST BE SURE OF THEMSELVES TO OBTAIN DESIRED RESULTS

Enthusiasm Must Take Place of Icy Doubts for One to Succeed in Any Line of Effort; Helpful Hints if Followed Will Tend to Success in Contest.

SAND! SAND! SAND!—Then by the manner of your approach, by more sand. That is what is needed. The foot, in your eye, the tongue of your for success. In the Courier's Great Automobile and Prize Sharing Contest, No one wants to hit the iceberg. Sand is the thing that will prevent it.

The Contest Brigade has made a fine start-off. Hopes are high and in their heads when you began but you keeping with the tail. Now for a few helpful words to the candidates. They are "Helpful Hints" from the Contest Editor to the members of the fleet. You lost them. Read them. Digest them. Assimilate them. They are the stimulus to success.

The reason why some of the candidates are not having greater success is because they have not convinced themselves that they are going to win. A person must first believe in himself. He must believe, breathe, sleep and eat the one fact that he is going to win. Until you do this, you are never going to convince any one else of it and no man, woman or child has any use for a failure. You must not only believe in your own campaign but you must believe in the paper that is making this contest possible. It is useless for you to try to start a flame of enthusiasm if your mind is full of icy doubts. You must believe two things: First, that you can win. Second, that the prize is worth the money asked for it. In other words, you must convince yourself before you can convince any one else.

REASON WHY.—Why did that man turn you down yesterday when you asked for his subscription? He knew

You are not trying to cajole or trick any one. Neither are you asking for charity. You are selling a real subscription to this paper, a legitimate business transaction as much as selling so many yards of cloth, so many pounds of sugar, or anything else. The paper is worth the money. You get the votes for making the sale. Every one wants a newspaper. It is not a luxury, but a necessity. You are selling something the man needs. It he says "I cannot afford it," that is an excuse rather than a reason. It is along the same line with the school boy who gives this or that excuse for not having his lessons or for being tardy.

With the complete Associated Press telegraphic service, this paper has the best news service obtainable. With a corps of correspondents throughout the country, this paper covers every scrap of news there is to be had. With correspondents in the various villages and hamlets in this section, this paper covers the locality news as no other paper in this section of Pennsylvania. With reporters and editors in this city, news is given in The Courier first. Every one wants a newspaper. Every one reads a newspaper, either their own or a borrowed one. Any one who tells you "He cannot afford it" is simply stringing you.

Light the flame of your enthusiasm. Fan it to a brisk blaze. When you have done this, your friends will get enthusiastic and the other fellow will catch the enthusiasm and you will win in "A walk."

HE SHOWED THAT SURGEON'S KNIFE LEFT BAD SCAR

Goebel Suffered Great Pain, Which Availed Him Nothing Toward Recovery.

There are scores of residents of Erie who are familiar with the condition of Louis Goebel, the well-known carpenter and all have sympathized sincerely with him in his sufferings.

Mr. Goebel exhibited an ugly, crescent-like scar on the outer surface of his abdomen.

"That is what the surgeons did for me. I was in the hospital for three months. They thought I had gall stones in my bladder, and I was told that the inflammation substances had overflowed to my stomach."

"They operated on me. Yes, sir, cut me open, and after all of that suffering I had no results from the operation."

"I have been unable to work for a long time. Nearly everybody who knows me, knows that I am telling the gospel truth. Yes, sir, Louis Goebel has done what the knife couldn't do for me. I have used one single bottle of Tanlac and I feel like a new man. I am improving every day, getting my strength back. I expect to continue taking this Tanlac and I'm going back to work soon. This Tanlac has done more for me than everything else combined, and I have taken, I guess, barrels of medicine. It's certainly like a miracle."

Tanlac is now sold in Conneltsville exclusively by the Conneltsville Drug Co., where the premier preparation can be had.

Tanlac can also be obtained from David C. Mason, Dunbar.—Adv.

HUSBAND MAKES ANSWER

G. W. Whipple Denies Charges of Cruelty and Indifference.

George W. Whipple, a Conneltsville engineer, filed answer today to the suit of his wife, Beulah Whipple, to secure \$200 for counsel fees and \$25 a week alimony, pending the decision in her plea for divorce. The husband alleges that his wife deserted him without cause and denies her charges of cruel treatment and indignities.

The respondent avers that inasmuch as his wife is suing for divorce from bed and board and also from the bonds of matrimony, she should decide which action she is going to pursue. He declares that his income is \$150 a month but that most of that goes toward the support of his family.

MUSTIN COMMANDS AT NAVAL AERO STATION.

COMMANDER H.C. MUSTIN

Commander Henry C. Mustin, United States navy, is in charge of the naval aeronautical station at Pensacola, Fla., where the old navy yard is being made over to suit the needs of an aeronautical base. Commander Mustin heads a detachment of naval officers which is being increased to 10. Included in his charge is the navy dirigible balloon which recently created a sensation by "running away." He and his men are busy testing various types of hydro-aeroplanes.

**WHISKEY? NO.
NOT FOR RHEUMATICS**

Don't drink whiskey if you have rheumatism, and be sure and keep your feet warm and dry, and drink plenty of lemonade.

This advice, says an authority, is helpful; but as all know who have suffered, rheumatism is a stubborn disease and yields only to a remedy mighty enough to conquer it. Many doctors have prescribed and hundreds of helpful druggists have advised a half teaspoonful of Rheuma once a day, because they know that powerful Rheuma, harmless as it is, acts with speed and overcomes in a few days the most torturing case of rheumatism or sciatica.

Try Rheuma: A. A. Clarke and all druggists sell lots of it and will return your money if two 50-cent bottles do not stop all rheumatic misery.—Adv.

DARING AVIATOR GIVES CAPITAL A GREAT SURPRISE

Washington, Pa., Flyer
Drops Bombs Around
the White House

STARTS MORE DEFENSE GOSSIP

His "raid," almost unannounced, has again brought home need for more aeroplanes in army, Crago says. Ample appropriation will be made.

Special to The Courier.

WASHINGTON, Apr. 18.—Members of Congress, official Washington and others continued to discuss today with interest and wonder the aeroplane "raid" which was made on the national capital Saturday night by the Lloyd Thompson of Washington, Pa., a former student at Washington & Jefferson College there. This young Pennsylvania aviator, almost unannounced, flew around over the city and dropped harmless bombs at will and himself remained unharmed except when he chose to let his trail be seen by making a light on his machine.

Representative Temple of Washington said he was not personally acquainted with young Thompson, although he knew of him. Dr. Temple was much impressed with the demonstration made by the flyer, showing the possibility of attack on the capital.

Representative Crago, who is a member of the military affairs committee of the House, which has to do with the question of adequate aeroplane preparation for the army, expressed the opinion today that the army would be given whatever money the officials think necessary for continued experimental work by that branch of the service, and the question of aviation has been given careful consideration by the military affairs committee. He said he thought an adequate appropriation would be made for this important means of defense and that 24 additional aeroplanes which have been asked for by the army would be provided. The way has been opened, said Mr. Crago, for the aviation corps to secure a larger number of recruits by the fact that married men in the army and enlisted men as well as officers are to be allowed to serve as flyers. In this provision is finally carried. Formerly admission to the flying squadron was limited to unmarried officers.

As to the development of the aeroplane as a weapon of offense and defense, that is likely to be left to individual initiative, the committee agreeing with the army officers that greater results will be obtained by the present method of permitting the various individual manufacturers who are continually inventing new improvements of one sort or another, to continue their good work. Mr. Crago said he was of the opinion that the country would get the benefit of these advances in the art.

Having made his first exhibition of the sort over the capital of the nation, young Thompson was ready today, he announced, to visit other cities, of which New York will be the first, to show how easy it would be for an enemy aeroplane to appear suddenly by night and drop bombs. He declared that if he had had real bombs on Saturday night, instead of mere harmless fireworks and paper bags filled with excelsior, he "could have blown the White House and the Capitol off the map," any man who saw him or saw the fireworks drop and explode were inclined to agree with him.

Thompson's little expedition, the first night flight over this city, has not many here to thinking seriously of the remark made here several days ago before the Navy League convention by Dr. Alexander Graham Bell, the famous inventor, that "the time is coming, in fact, is here, at hand, when air power will be superior to both sea and land power." Some comfort to the people of the United States was contained in the further statement of Dr. Bell that this country, where the art of aviation was invented, stood a good chance of leading the world in air power. However, it was pointed out, action is necessary if the United States is to gain and maintain this important ascendancy.

FRENCH AVIATORS ACTIVE

They Bombard German Positions; Busy in Greece.

PARIS, April 18.—Raiders by two official statements today say:

"During the night of April 16-17 a French fleet composed of nine machines during intense fog executed certain important bombing operations in the region of Condans, Pagny, Arnaville and Rombach. Projectiles were dropped as follows: Twelve shells on the railroad station at Condans; 10 on the factory at Rombach; 8 on the railroad station at Arnaville; 11 on the railroad line at Pagny and Ars.

"During the night of April 15-16, a French armed aeroplane flying over the North Sea at an altitude of 300 feet threw 16 shells at a vessel of the enemy. Eleven found their mark.

PARIS, April 18.—The French official aerial squadrons stationed on the Saloniki front are reported in a Havas dispatch from Athens. One squadron dropped bombs on the Bulgarian forces assembled at Strumitsa station. The other attack was made on German positions at Doebantze. Both squadrons returned undamaged.

Need More Scouts.
COLUMBUS, April 18.—General Pershing has asked for more civilian scouts, especially those familiar with the district south of Paris. This was taken by military men here to indicate that the advanced cavalry detachment is pushing forward possibly into Bourgois.
